PROFILE

Aim: To begin my professional career in a growth-oriented organization where I can apply my knowledge of programming, web technologies, databases, and problem-solving to develop practical and innovative solutions.

Contribution: To contribute through my technical skills, willingness to learn, effective communication, and ability to work collaboratively while continuously improving my knowledge and adapting to new technologies.

EDUCATION

A.J. Institute of Engineering and Technology — **Expected 2027**
B.E. in Computer Science & Engineering (AI & ML) — CGPA: 8.08 | 7th Semester
Expert P.U. College — PUC — 83%
Kendriya Vidyalaya N.O. 1, Panambur — SSLC — 89%

PROJECTS

PathFinder AI – Intelligent Campus Placement ERP | **React.js, FastAPI, Python, SQLite**
- Developed a web-based platform to automate and streamline campus placement management activities.
- Built a centralized system connecting students, recruiters, and Training & Placement Officers (TPOs).
- Implemented organized placement workflows and seamless communication using modern web technologies.

Smart Expense Tracker – Personal Finance Management System | **Python, FastAPI, HTML5, CSS3, SQLite**
- Developed a web-based application to record, categorize, and monitor daily expenses.
- Implemented transaction management, spending summaries, and category-wise expense organization.
- Designed a simple dashboard to provide an overview of monthly spending and financial patterns.

PROFESSIONAL SKILLS

Programming Python (OOP, Data Structures) C JavaScript	**Web Development** FastAPI HTML5, CSS3 Full-Stack Integration	**Data & Databases** SQL MongoDB SQLite
Tools VS Code Anti-Gravity JSON, Microsoft Excel	**Professional** Communication Teamwork Problem Solving Adaptability	**Core Areas** Programming Databases Web Technologies Problem Solving

CERTIFICATIONS & LEARNING

- Python Fundamentals & Mastering Python – Infosys Springboard | 2024
- Oracle Certified Foundations Associate – Oracle Cloud Infrastructure | 2025
- Introduction to MS Excel – Microsoft × Simplilearn | 2025

HACKATHONS & COMPETITIONS

NEXATHON 2025 | National 24-Hour Hackathon, Shree Devi Institute of Technology
- Conceptualised and built the HealVision AI health platform within a 24-hour timeline.

Empathy Encryption Hackathon | Unsaid Talks Education Pvt. Ltd.
- Co-created an empathetic technological solution to address complex digital social-impact challenges.

ADDITIONAL ACADEMIC & TECHNICAL INTERESTS

Programming • Web Technologies • Databases • Artificial Intelligence & Machine Learning • Problem Solving • Emerging Technologies • Software Development

LANGUAGES

English – Fluent | **Hindi** – Fluent | **Kannada** – Fluent

HOBBIES & INTERESTS

Dancing

CAREER FOCUS

Software Developer • Python Developer • Web Developer • AI/ML Engineer • Data/AI Intern • Graduate Engineer Trainee
